ATHENS COLLEGE

HISTORY

ATHENS COLLEGE was projected in October, 1842, at a session of the Tennessee Annual Conference held at Athens. In 1843 the Legislature of Alabama granted a charter incorporating the Female Institute of the Tennessee Annual Conference.

In 1870, the North Alabama Conference was organized. Athens, with all the northern part of the State of Alabama, came into the boundaries of that conference. All church property in the territory formerly held by the Tennessee Conference was also transferred to the North Alabama Conference. In 1872, the charter was amended, the name being changed to Athens Female Institute. In 1889, the charter was amended again, and the name changed to Athens Female College. In 1915, the charter was again changed and the institution was called Athens College for Young Women, Athens, Alabama. In 1931, the Board of Trustees voted to admit local boys. Gradually, it has grown into a regular coeducational institution and goes by the name of Athens College, Athens, Alabama.

Although not a member of the Southern Association, it has individual accreditation with most of the larger colleges and universities. Its students are admitted for postgraduate work to the leading universities, and the under-graduate work of Athens College has won a place of esteem through the students who have taken advanced degrees in these universities.

Athens College has sent missionaries to every field in which the Methodist Episcopal Church, South, has entered. Its sons and daughters fill leading social and educational positions in America.

LOCATION

The college is situated in the town of Athens, and its location could not be improved upon for natural beauty and surroundings conducive to the best advantages for study. Athens has been noted for its high educational tone since antebellum days. This air of refinement, with that of modern progressive ideals, makes Athens desirable as an educational center. It is situated near the foothills of the Cumberland Range, having some nine hundred feet of elevation. The main line of the Louisville and Nashville Railroad accommodates the town with north and south-bound passenger trains daily, which make convenient connection at Decatur, fourteen miles south of Athens, with east and west bound trains. The campus consists of more than thirty acres of rolling ground, amply beautified with magnificent trees, shrubbery, and convenient walks. It is provided with tennis and ball courts.

Athens College is forty-five miles from Muscle Shoals, the most widely advertised spot on the American Continent.

BUILDINGS

FOUNDERS HALL

present
This building, erected in 1842, presents a front of some 140 feet, supported by magnificent Ionic columns. Three wings added at later periods, with ivy-clad walls, extend to a depth of about 160 feet. In Founders Hall centers the life of the college, as, in addition to students' rooms, it contains administrative offices, reception rooms, library, dining hall, and classrooms.

FLORENCE BROWN HALL

This dormitory is of colonial architecture, with Ionic columns across the north front, and is equipped with all modern conveniences. It was built in 1909 as a memorial to Miss Sarah Florence Brown in appreciation of her loyal service to the college.

McCANDLESS HALL

McCandless Hall, erected in 1912, was made possible through the generosity of the local citizenship and of the North Alabama Conference. It stands as a monument to the spirit of real culture which permeates the atmosphere of the town. The building accommodates the Department of Music and Fine Arts. It is conveniently arranged with studios and practice rooms, and contains a large auditorium, with pipe organ and a seating capacity of about seven hundred, perfectly equipped in every way, and a stage amply able to accommodate all college and visiting entertainments. The hall is easily accessible to the other buildings. It is named in honor of Miss Kate Leslie McCandless, formerly Director of Music in Athens College.

SANDERS HALL

This building, built in 1924, is a three-story brick dormitory, 30x42 feet, practically fireproof, steam heated, with running water in each room. Baths, showers, kitchenette, and a small laundry room are on each floor, and there are four attractive parlors on the first floor. This building will accommodate eighty-six persons, and is one of the most up-to-date dormitories to be found anywhere. It is named in honor of Hon. W. T. Sanders, deceased, former President of the Board of Trustees.

BOY'S DORMITORIES

Comer Cottage and the *Chandler Home* are two large homes that have been converted into dormitories for boys. These can accommodate sixty-five boys. The third floor of McCandless Hall also accommodates about thirty boys.

RIVERS HALL

The Business Science and Mathematics are taught in Rivers Hall. This building is named in honor of Reverend R. H. Rivers, D.D., who was the first president of the college. It was made as an elementary school building and later used as an academy for the college. Rivers Hall, although small, has well-equipped classrooms and an attractive campus.

HEATING PLANT

The heating plant is housed in a neat brick building 40x60 feet. A battery of four boilers supplies sufficient steam pressure to heat all buildings on the campus and to give an ample supply of hot water. This plant, erected in 1912, is considered one of the best constructed in this part of the State.

GYMNASIUM AND SWIMMING POOL

This building, erected in 1918 through the untiring efforts of the students and trustees of Athens College, contains a handsome gymnasium and swimming pool. It is equipped with shower baths, hot and cold water. The pool can be used throughout the year, the water being heated by steam from the central heating plant.

INDUSTRIAL PLANT

In the year 1939-40, the college built the first unit of a four-unit industrial plant. This building, 60 ft. x 119 ft., is located on the college campus, is of brick veneer construction, air-conditioned, and has the last word in lighting equipment. The purpose of this plant is to furnish work for boys and girls who are in need of help to go to college. At the present time work is provided for 200 girls and boys to earn all their college expenses.

LIBRARY

The library consists of around fifteen thousand volumes, carefully selected, so distributed that every department of work in the college has a substantial working library. Several new reference works were added the past year. A new library building was completed in 1947, which gives adequate facilities for 400 students.

INFIRMARY

~~The infirmary is commodious, light and airy.~~ An experienced nurse and the college physician are in charge of the infirmary. In case of illness, the patient could not receive better attention in

a hospital. *In cases of protracted illness, the patrons will be charged with the actual amount of expense incurred by the college.* Proper attention to a well-balanced diet and regular habits enable the students to gain in health while they are in attendance at the school. *In order that this high standard of health may be maintained, parents are urged to coöperate with the administration by refraining from sending boxes of eatables.*

DINING ROOM

new site
The dining room is under the direction of a trained dietitian, who sees that an abundance of well-prepared food is served at each meal. The food is wholesome, abundant, and well balanced, and is served in family style, although in relays due to an overcrowded condition. *Include kitchen*

TRAILER CAMP FOR MARRIED VETERANS

The Government has placed one unit of sixteen trailers for married veterans on the campus. These trailers are equipped with stoves for cooking and heating, two double folding beds, table and chairs. Lights and water are furnished and each occupant pays \$15.00 per month rent.

PHYSICS LABORATORY

Building on campus
The Government has ~~also~~ placed a ~~Physics Laboratory~~ with much equipment on the campus. The Chemistry and Biology Departments have well equipped laboratories, ~~and now the Physics Department will have its separate building.~~ *which will be a Physics Laboratory in the future*

VETERANS DORMITORY

~~A new dormitory was erected during the summer of 1947. It will accommodate about 75 single veterans.~~

STUDENT UNION BUILDING

The Federal Works Agency donated a building 30 x 80 which was erected in a central location, adjoining the main campus. This is used by the students for recreation and other activities. *Operated by A.S.U.*

Faculty Advisory System

General Regulation

CONDUCT AND DISCIPLINE

In matters of personal conduct, students of Athens College are expected to be self-governing, acting as responsible citizens of a Christian community. Every effort is made to stimulate the student to the best work and to the most enjoyable play, but it is impossible to undertake responsibility for the direction of students who are not in sympathy with the purposes of the college. A student antagonistic to the spirit and methods of the institution, or who is failing to accomplish the objectives of college attendance, will automatically sever connection with the college and will be requested to resign.

The college does not tolerate drinking, gambling, nor hazing in any form. Anyone found guilty of indulging in these will be dismissed from school. The faculty reserves the right to decide whether the offense is sufficient to warrant withdrawal of credits and the receiving of dishonorable dismissal or permitting the student to voluntarily withdraw.

Athens College is on a quarter system. The unit of measure of the credit hour is the quarter hour which means a subject pursued in class one hour a week for twelve weeks. Most courses carry five quarter hours credit, meeting five times per week for twelve weeks. Some courses, such as Bible, Physical Education, Religious Education, and the Fine Arts courses, are offered two and three times a week and carry corresponding credit.

REGISTRATION

For time of registration see calendar, page 3. Students registering other than Registration date set, either early or late, will be charged a fee of \$2.50 in cash.

No credit will be given in a course for which a student has not been *officially* registered.

In registering for any quarter, the student must give precedence to prescribed courses in the order in which they are arranged in the curricula. After a student's program of courses has been approved at the beginning of each quarter, it may not be changed except upon the written approval of the instructors concerned and

of the Dean. A charge of \$1.00 in cash is made for any change in schedule after one week. Any course dropped after the beginning of the third week of a quarter, or without official permission at any time, is regarded as a failure and is so recorded.

CLASS AND CHAPEL ATTENDANCE

Regular attendance upon all college exercises is required—classes, laboratory sessions, chapel services. Upon the student rests the responsibility for securing all assignments of work to be done and for accomplishing promptly the work assigned.

Three times tardy for a class, unless excused by the instructor, shall be regarded as equivalent to one absence.

Cuts

The faculty has a regulation which permits a certain number of absences from classes and chapel, without penalty. ~~Any excess absences must be paid for at the Bursar's office at the rate of \$1.00 per excess absence.~~ On receiving one more absence than twice the number of class hours a student is automatically dropped from class. If all absences are excused absences student may be re-admitted and permitted to make up work.

An absence is interpreted to mean being away from the regular class period regardless of whether the work is made up beforehand or afterward.

Cuts before and after a holiday shall be counted as double cuts.

Continuous absence due to illness or other causes will be handled entirely at the discretion of the Dean. Large blocks of absences must be dealt with by the Dean in subtracting hours from the total amount made during the quarter.

No absence is excused after one week from date it occurred.

Three cases of tardiness will constitute an absence. Excused tardiness will be considered excused absence, unexcused tardiness, unexcused absence.

PHYSICAL EDUCATION

The purpose of this training is to keep the students in first-class physical condition and to lead them to appreciate the value of regular habits of physical exercise in promoting good health.

All students are required to take physical training, devoting two hours per week to some form of healthful exercise. One hour of credit is given for two hours of work. (See Physical Education, page 36.)

SCHEDULE FOR THE WEEK

Most of the classes meet regularly five times each week, beginning on Mondays. As a rule, laboratory work will be done in the afternoons.

CLASSIFICATION OF STUDENTS

Students are classified as follows:

Freshmen.—Those who meet the admission requirements and who are carrying twelve or more hours of work.

Sophomores.—Those who have one-fourth their quantity points and one-fourth their quality points off.

Juniors.—Those who have one-half their quantity points and one-half their quality points off.

Seniors.—Those who lack no more than fifty quarter hours and fifty quality points.

Special Students are those who are not candidates for degrees, or those who are registered for less than twelve hours of work. Such students must meet the entrance requirements of the Alabama Association of Colleges.

GRADING SYSTEM

At the end of each quarter, final examinations are given. The final grade of each student, however, is not dependent wholly on the final examination, but upon a summation of daily work, tests, laboratory work, notebooks, and other work, required or voluntary, together with the final examination. The resulting grades are indicated by letters as follows:

A denotes excellent; B, good; C, average; D, passing; E, conditioned; F, failed to pass; I or Inc., incomplete. A condition may be removed by examination; or, in case of a continued course, a condition on the first quarter's work may be removed by making C on the second quarter. A condition removed shall not yield a grade higher than D.

Usually from five to fifteen per cent of the students make A; fifteen to thirty per cent of the students make B; thirty to sixty per cent of the students make C; fifteen to thirty per cent of the students make D; five to fifteen per cent of the students make E or F.

QUALITY CREDITS

A secures three quality credits per quarter hour of instruction, B secures two quality credits, C secures one quality credit, and D secures none per quarter hour of instruction. Every F will deduct 1 quality credit per quarter hour carried by the course. For GRADUATION 195 QUALITY CREDITS ARE REQUIRED.

Any student who fails to make *five quarter hours* of the work carried through a quarter is automatically dropped from college. The student may be reinstated if after making application to the faculty two-thirds of the faculty vote for reinstatement. A regular student who fails to pass ten hours of work will be registered conditionally for the next quarter's work.

AMOUNT OF WORK TO BE CARRIED AT ONE TIME

No student is classified as a regular college student who does not do at least ten hours of classroom work a week. No degree student will be allowed to take less than twelve nor more than eighteen hours of classwork, except by special permission from the Dean. The maximum number of hours for a Freshman is seventeen. The average student load is sixteen hours.

SPECIAL EXAMINATIONS

Special examinations to remove conditions or incompletes may be taken any time after the lapse of three weeks in the next quarter, subject to the approval of the instructor concerned. All conditions or incompletes must be removed the following quarter or they become failures. Only one examination may be taken to remove a condition. A fee of three dollars, payable in advance at the Business Office, is charged for each special examination.

A COMPREHENSIVE EXAMINATION

During the last quarter of the senior year, a complete review course is offered in each major. The purpose of this course is to

prepare the student for a final comprehensive examination over the entire work of her major subject. One must pass this examination before being given credit for having completed the major work, regardless of grades made on each course separately.

MAJORS AND MINORS

At the beginning of the Sophomore year, each student who is a candidate for a degree shall select a leading subject to be known as the major study. The major must consist of courses pursued in one department of the college ~~or in a combination within one general field~~. A minor subject shall be chosen by the close of the Sophomore year.

The student must complete not less than forty and not more than fifty hours in his chosen major subject. Not less than fifteen hours must be in advanced courses. Also a student must complete not less than thirty hours in his chosen minor subject. Not less than nine hours of these must be in advanced courses.

Students may major in the following subjects for a degree: English, any *one* Romance Language, Mathematics, Biological Sciences, Physical Sciences, History, Social Studies, Commerce, Religion, Education and Psychology and Physical Education. A student majoring in Education and Psychology or Physical Education must also take another major. Majors in Commerce are not required to have credit in mathematics. However, students wishing to qualify for an Alabama teacher's certificate must choose one of the following majors: English, one Romance Language, Physical or Biological Sciences, or a combined major in the two, History, Mathematics, Social Studies, Speech, and Commerce. All of these majors, with the exception of Speech and Commerce, require mathematics for a degree.

A combined major is not approved for those planning to teach science in high school. Those majoring in any course must have at least fifteen hours in the courses numbered 30 or above in that course and of the total hours for graduation the minimum of 60 hours in courses No. 30 or above shall be required.

The college offers Remedial courses for students not prepared for College Mathematics or English, but an extra charge is made all students taking them.

Admission of Students

METHODS OF ADMISSION

All correspondence with reference to admission should be addressed to the President of the College. A blank for statement of the applicant's preparatory work can be secured by writing to the Registrar. This blank must be filled out and mailed before matriculation.

There are two methods of gaining admission to the Freshman class :

1. *By Certificate from Accredited Schools*
2. *By Certificate from a Nonaffiliated School
with examination*

SPECIAL STUDENTS

Candidates of mature age, not less than twenty years old, are admitted without examination to courses in which they are prepared to do special work, according to the regulations prescribed for special students by the Association of Colleges and Secondary Schools of the Southern States.

ADVANCED STANDING

Students who are prepared to enter classes higher than Freshmen will receive advanced standing upon submitting an official statement of college credit and college entrance credit, a marked copy of the catalogue of the college previously attended indicating the courses for which credit is desired, and a letter of honorable dismissal. If credits are presented from a college that is not fully accredited, they must be verified by taking advanced courses in the same subjects. If satisfactory work is done, then full credit will be allowed. Otherwise credits for advanced standing will be discounted.

No advance standing is allowed beyond the Junior year in the case of students who have not attended Athens College before. The last 45 hours must be taken in residence at Athens College.

Residence is interpreted to mean either summer school or regular term work. The 45 hours are furthermore interpreted to mean one full year's work or two and one-half summer's work. However, if a student has had at least one year of work at Athens College, he may graduate by attending the last quarter or the last full summer term before receiving his degree.

PRESCRIBED SUBJECTS

Any fifteen units may be selected from subjects that are accepted for admission, *provided not more than four units are offered in vocational and commercial subjects.*

THE COLLEGE LOAD

The normal load for a regular college student shall be sixteen hours of recitation per week. Hours in excess of seventeen shall be charged for at the rate of \$5.00 per hour. Students, who are working in the Industrial Unit, are not permitted to take more than three-fourths of a regular college load. However, for seniors, who have done good work through the junior year, this may be increased to a full load for one quarter.

Requirements for Graduation

The Bachelor's degree is conferred upon all of those who meet the requirements enumerated below. Every candidate must complete, before graduation, 195 quarter hours and secure 195 quality credits. Also for a degree, the student must complete a major and a minor, as outlined on Page 22. The required courses, in quarter hours, are as follows:

FOR DEGREE	A.B.
English	20 hours
*Foreign Language	10 hours
Mathematics (I, 3)	10 hours
Science	10 hours
Psychology and Education	10 hours
Social Science	10 hours
History	10 hours
Bible and Religious Education	15 hours
Physical Education	6 hours
Electives	94 hours
Total	195 hours

Of the elective hours, 15 are free but should be distributed over the last two years of candidacy. All remaining elective hours, in excess of major and minor programs, are subject to approval by the Dean.

Only one-fourth of the above may be taken by extension.

The faculty reserves the right to make certain exceptions to the above requirements when facts warrant it.

PROFESSIONAL TEACHING CERTIFICATES

In accordance with the laws enacted by the Alabama Legislature and rules of the State Board of Education, upon the recommendation of the President of the institution, Secondary Professional Teachers' Certificates are issued without further examination to graduates of the regular collegiate course who have successfully passed a minimum of courses in pedagogical instruction, designated and approved by the State Board of Education.

*A student who does not present two years of a high school language will be required to take two quarters of the elementary work before beginning the required courses.

Courses of Instruction

ALL COURSES MEET FIVE TIMES PER WEEK AND CARRY FIVE QUARTER HOURS CREDIT UNLESS OTHERWISE SPECIFIED AFTER THE COURSE.

EXPLANATION OF NUMBERING OF COURSES IN THE CATALOG

Courses numbered from 1 to 19 are intended primarily for Freshmen; from 20 to 29 for Sophomores.

Courses 30 to 39, for Juniors; from 40 to 49, for Seniors; 50 to 59, except in *Physical Education, are reading or lecture courses open to any student.

a, following the number of a course indicates the first quarter of a course that continues more than one quarter; *b*, the second quarter; *c*, the third quarter. Thus: Eng. 1a is the first quarter of Eng. 1; Eng. 1b is the second quarter of Eng. 1; Eng. 1c is the third quarter of Eng. 1.

The number of a course is not followed with a letter unless it is a course continued more than one quarter.

BIOLOGY

Biology majors must take Biol. 1a and 1b. For teaching Biology, Biol. 20, 24, 30 and 31 plus other courses to make at least the required hours, are recommended. Pre-medical students, need, in addition to General Biology, Biol. 21 and 22. Students interested in any phase of medical work are advised to take an extra double laboratory period, thus making each course a 6 hour credit course.

Minors in Biology must take Biol. 1a and 1b. The other courses will depend on the field the student expects to enter.

1a. General Biology. The aim of the course is to acquaint the student, by means of a study of plants and animals, with some of the fundamental principles of life, and thus give him a greater appreciation of living organisms. 3 lectures and 2 laboratory periods. 5 hrs.

1b. A continuation of 1a (1a deals mainly with plants, 1b with animals).

20. General Zoology. A study is made of animals not dealt with in 1b. 3 lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b. 5 hrs.

*In Physical Education, courses numbered from 50 to 59 are activity courses.

21. **Comparative Anatomy of Vertebrates.** A comparative study of the structure of a few type forms of vertebrates. Of special interest to pre-medical students. 3 lectures and 2 laboratory periods. Prerequisites: Biol. 1a and 1b or at least 6 hours in Zoology. 5 hrs.

22. **Embryology.** A study of the development of vertebrates. The chick is the chief study in the laboratory. 3 lectures and 3 laboratory periods. Prerequisites: Biol. 21. 6 hrs.

24. **General Botany.** A more detailed study of plants than that of 1a as well as many more forms. 3 lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b. 5 hrs.

30. **General Bacteriology.** The course aims to give a general knowledge of plant micro-organisms and the fundamental laboratory methods used in their study. 3 lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b. General chemistry recommended. 5 hrs.

31a. **Human Physiology.** A study of the functions of the organs of the body. Muscles, nerves, blood, circulation, heart action and control, and respiration are taken up in this quarter's work. 3 lectures and 2 laboratory periods. Prerequisites: Biol. 1a and 1b. 5 hrs.

31b. A continuation of 31a. Topics studied are: foods and digestion, endocrine glands, excretory organs, sense organs, central nervous system, reproduction. 3 lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b. 5 hrs.

32. **Plant Physiology.** A study of the intake of water and minerals, photosynthesis, growth and behavior of plants. 3 lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b. 5 hrs.

34. **Genetics.** A study of the principles involved in heredity. Prerequisites: Biol. 1a-1b. 3 hrs.

35. **Local Flora.** Collection and classification of the native plants of the vicinity. 1 lecture and 2 laboratory periods. Prerequisites: Biol. 1a-1b. 3 hrs.

41. **Histology.** Laboratory methods used in preparing plant and animal tissue for microscopic examination. 1 lecture and 4 laboratory periods. Prerequisites: 20 hrs. of Biol. 5 hrs.

43. **History of Biology.** The early work in plant and animal study and the discoveries in science which have made possible our increased knowledge of living things. 3 lectures. Prerequisites: 20 hrs. of Biology. 3 hrs.

47. **Methods and materials used in the teaching of Biology in High School.** Open to seniors who are majoring or minoring in Biology. This course does not count toward the required credits needed in Biology but does give credit in Education. (See Ed. 47). 3 hrs.

48. **Observation and Supervised teaching of Biology in High School.** Prerequisite: Biol. 47. (See Ed. 48).

49. Survey Course for Biology with Comprehensive Examination. 2 hrs.

CHEMISTRY

The major requirement in chemistry for the A.B. degree is from 45 to 50 quarter hours, including Chem. 1a, 1b, 20a, 20b, 30a, 30b, 31a, 31b, 41a. Requirements for minors are 30 qr. hrs. with at least 10 hrs. in courses numbered 30 or above.

1a-1b. **General Chemistry.** An introduction to the fundamental principles of chemistry. 4 lec. and 2 lab. 6 hrs.

20a-20b. **Qualitative Analysis.** The separation and detection of both cations and anions in simple substances and mixtures. 2 lec. and 3 lab. Prereq. Chem. 1b. 5 hrs.

30a-30b-30c. **Organic Chemistry.** The aliphatic and aromatic hydrocarbons, including the laboratory preparation and identification of typical organic compounds. 3 lec. and 2 lab. Prereq. Chem. 1b. 5 hrs.

31a-31b. **Quantitative Analysis.** The problem side of analytical chemistry as well as the laboratory. Includes both volumetric and gravimetric procedures. 2 lec. and 3 lab. Prereq. Chem. 20b. 5 hrs.

32. **Physiological Chemistry.** The chemistry of carbohydrates, fats, proteins, vitamins, digestion, and metabolism. Prereq. Chem. 30b. 5 hrs.

41a-41b. **Physical Chemistry.** Properties of gases, liquids, and solutions, homogeneous and heterogeneous equilibria, chemical kinetics, phase rule, colloids, electrochemistry, and thermodynamics. Prereq. Chem. 20b, Math. 30a, and Physics 1a and 1b. 5 hrs.

45. **Electrochemistry.** A fundamental course in theoretical electrochemistry covering electrolytic dissociation, electrolysis, conductance, electrokinetics, electromotive force of oxidation-reduction and concentration cells, and polarization. Prereq. Chem. 41b. 5 hrs.

46. **Colloid Chemistry.** A fundamental course in theoretical colloid chemistry including practical applications to chemical industry. Prereq. Chem. 41b. 5 hrs.

47. **Methods of Teaching Chemistry.** See Education 47.

48. Observation and Practice Teaching in High School. 5 quar. hrs.

49. Survey Course for Chemistry with Comprehensive Examination. 1-2 hrs.

EDUCATION AND PSYCHOLOGY DEPARTMENT

In Education and Psychology a major will consist of forty-five quarter hours and a minor of thirty-six quarter hours plus all other requirements for the A. B. or B. S. Degree. Introduction to Education, General Psychology, Educational Psychology, Principles of Teaching in

High School, History of Education in the United States and Philosophy of Education will all be required courses. These six courses each carry five quarter hours credit and make a total of thirty quarter hours of required work. The remainder of the major or minor must be planned in consultation with and the approval of the Head of the Education and Psychology Department.

COURSES IN EDUCATION AND PSYCHOLOGY

Ed. 1. **Elementary Psychology.** The facts and principles of psychology essential to the needs of teachers, such as inheritance, environment, imagination, reasoning, learning, etc., with special emphasis upon their importance in education in general and in the classroom in particular. Open to freshmen and others but to be offered only in connection with extension work. Credit five quarter hours.

Ed. 2. **Introduction to Education.** A comprehensive survey of the nature and scope of public education in the United States; its development; the relationships between federal, state and local schools; school administration, supervision and teaching. Special emphasis on lesson planning and methods of teaching. Open to freshmen and others. Credit five quarter hours.

Ed. 3. **Teaching in the Elementary Grades.** The purpose of this course is to develop a thorough knowledge of and skill in the development of lesson plans, and methods of teaching in the first six grades. Open to freshmen and others. Credit five quarter hours.

Ed. 4. **Classroom Management.** A comprehensive study of the nature and scope of classroom management; discipline, seating, heating, lighting, ventilating, making of class schedules, keeping of records, etc. Open to freshmen and others. Credit five quarter hours.

Ed. 5. **Child Psychology.** Educational problems involved in guiding the growth and development of children, habits, attitudes, emotions, learning, reasoning, etc. Open to freshmen and others. Prerequisite either Elementary Psychology or General Psychology. Credit three quarter hours.

Ed. 20. **General Psychology.** A scientific study of the activities of the individual; the nervous system, imagination, thinking, memory, learning, perception, inheritance, etc. Special emphasis is placed upon a thorough knowledge of the general psychological principles involved. Open to sophomores. Credit five quarter hours.

Ed. 21. **Adolescent Psychology.** Educational and psychological problems involved in the guidance of adolescents, inheritance and environment, intelligence, emotions, imagination, thinking and reasoning, learning, and special emphasis on social adjustments. Prerequisite General Psychology. Credit three quarter hours.

Ed. 23. **Applied Psychology.** The purpose of this course is to help students understand, predict, and control the behavior of themselves and others. It is an introduction to the practical uses of psychology in everyday life. Prerequisite General Psychology. Credit five quarter hours.

Ed. 30. **Mental Hygiene.** A comprehensive study of the nature and scope of those psychological principles and practices which lead to normal mental health and well-being. Special emphasis on case studies of mental disabilities for the purpose of emphasizing the importance of healthful mental habits, attitudes and controls under trying situations. Prerequisite General Psychology. Credit three quarter hours.

Ed. 31. **Abnormal Psychology.** An examination of the psychoneuroses and psychoses as to incidence, causes, symptoms and prognosis. Prerequisite General and Applied Psychology. Credit five quarter hours.

Ed. 32. **Social Psychology.** Group guidance in the development of healthy adjustment to individuals, organizations and institutions which are essential for effective living in adult society. Adjustment inventories and personality tests are used in connection with directed reading and personal conferences. Credit three quarter hours.

Ed. 33. **Educational Psychology.** A study of the behavior of the students, the facts of the learning process and the application of methods and results of experimental psychology to classroom instruction. Prerequisite General Psychology. Credit five quarter hours.

Ed. 35. **History of Education.** A comprehensive survey of the nature and scope of the development of the educational systems of Greece, Rome, the Middle Ages and Modern Nations with particular emphasis upon the principles and practices involved relative to administration, supervision, and classroom teaching. Prerequisite Introduction to Education. Credit five quarter hours.

Ed. 36. **History of Education in the United States.** The purpose of this course is to make a thorough study of the origin and development of the public school system in the United States; the ideas brought over by the settlers and others and their evolution into the American School System including the nursery through the university and other adult education. Prerequisite Introduction to Education. Credit five quarter hours.

Ed. 37. **Principles of Teaching in High School.** A course in general methods and techniques of teaching in secondary schools; scheduling of classes; large and small unit, topic, problem, and project methods of lesson planning and teaching. This will be also looked upon as a foundation for subsequent courses in special methods. Prerequisite Introduction to Education. Credit five quarter hours.

Ed. 43. **Principles of Secondary Education.** This course is a study of the high school as an institution with emphasis upon the problems of the curriculum, extracurricular activities and upon the function of secondary education in American democracy. Prerequisites Introduction to Education and Principles of Teaching in High School. Credit five quarter hours.

Ed. 44. **Elementary Statistics.** The course is a survey of the elementary tools for the collection, analysis and interpretation of statistical

data, norms, medians, averages, modes, correlations, etc. Credit five quarter hours.

Ed. 45. Tests and Measurements. A course designed to give administrators, supervisors and teachers the knowledge and skill necessary to use tests, scales and other modern measures in improving classroom instruction in secondary schools. Credit five quarter hours.

Ed. 46. Curriculum Construction. A course designed to familiarize the student with the most effective methods of constructing courses of study and curricula of different kinds; the methods and techniques of teaching these in his major or minor fields and to guide him in the use of specific instructional materials. Credit five quarter hours.

Ed. 47. Methods of Teaching. The name of the course is to be completed by the Head of the Department in which the student has his major or minor and desires professional credit for same toward a teaching certificate. Special methods in the teaching of major or minor subject matter courses are required for teacher certificate qualification in secondary education. These courses are under the supervision of the Heads of the Departments and their descriptions will be found among the courses of the several departments. Consult them for information about these courses. Education courses are not counted as a part of the total number of quarter hours for a major or minor and the number of quarter hours credit for these special methods courses will be determined by the Head of the Department concerned.

Ed. 48. Observation and Practice Teaching. Supervised observation and practice teaching in high schools in the student's major or minor fields. This will include making lesson plans; teaching same and follow-up conferences with the Instructor and others concerning the effectiveness of his observation and practice teaching work. Credit five quarter hours.

Ed. 50. Philosophy of Education. A comprehensive presentation of the chief principles of modern philosophies and the implications of these principles for education in the United States. Credit five quarter hours.

ENGLISH

Required courses for the major in English are: English 1, English 20, English 33a or 33b, English 34, English 39, and English 40 or English 44 or English 45.

Required courses for the minor in English are: English 1, English 20, English 33a or 33b, and English 34.

A. Grammar and Composition. Remedial training in the skills of communication. For all who are unready for the college course. No credit.

1a-b. **Rhetoric and Composition.** To train students in correct and effective writing on the college level. Themes and appropriate exercises throughout the course. Close analysis of prose models and a few representative examples of the common types of poetry. Credit, ten hours.

15. **English.** An experimental course designed to meet the needs of students found deficient in an understanding of the English language skills, in reading, and in literary appreciation. The materials may vary in keeping with the needs of the group; but language skills and readings are approached in an effort to show the nature of imaginative literature, a knowledge of literary types, and the values for literary judgments. Students found deficient may be required to take this course before entering English 20a. Others may elect it before entering English 20a.

20a-b. **Survey of English Literature.** Concerning the English people—their thought, their life, their varying attitudes. Concerning the selections read—their contents, their types, their reflections of the society from which they sprang. Credit, ten hours.

23. **The English Lyric.** A consideration of various types produced during various periods. Planned for students whose chief interest are in other fields than English. Credit, three hours.

30. **English Grammar.** A study limited to current, formal English. Planned especially for prospective teachers. Credit, five hours.

33a. **Shakespeare: the Comedies.** Three plays are studied in their essential respects. Two are read collaterally as the basis for reports. Credit, five hours.

33b. **Shakespeare: the Tragedies.** Three plays are studied in their essential respects. Two are read collaterally as the basis for reports. Credit, five hours.

34a-b-c. **American Literature.** Selections are read for their content, their literary aspects, their relations to the political, religious, and social environment. The first part of the course extends to Irving; the second, through Whitman; the third, to 1900. Credit, nine hours.

39a, b-c. **Literature of the Nineteenth Century.** A study of the significant authors and movements of the period divided into a consideration of non-fictional prose, the novel, and the poetry. Credit, nine hours.

40. **Chaucer.** The life of his time; the literary aspects of his writings. Credit, five hours.

41. **Literature of the Eighteenth Century.** Important writings of the chief authors; the principal movements. Credit, five hours.

42. **Milton.** A study of the poetry and some of the prose. Credit, five hours.

43a-b. **The American Drama.** A study of American Drama as an outgrowth of the English tradition; early conditions facing the actor and the stage; the relation of drama to the other arts; and a consideration of major writers from the beginning to Eugene O'Neill. The Civil War marks the division of the course. Prerequisite, English 34a. Credit, five hours.

44. **The Romantic Poets.** A study of the poetry of Wordsworth, Coleridge, Shelley, and Keats. Credit, five hours.

45. **Tennyson and Browning.** The important compositions. Their relations to the lives and thoughts of these authors. Credit, five hours.

46a-b. **The American Novel.** A study of the background of the type; the beginnings in America; the development through the works of the early romantic writers to the establishment of the realistic method by William Dean Howells; economic, political, geographical, and idealistic influences are noted. The Civil War marks the division of the course. Prerequisite, English 34. Credit, five hours.

47. **Methods of Teaching English in High School.** See Education 47. Credit, five hours.

48. **Observation and Practice Teaching in High School.** See Education 48. Credit, five hours.

49. **Comprehensive Survey and Examination.** Credit, two hours.

DEPARTMENT OF FOREIGN LANGUAGES

Recognizing that language is the medium of expression, the courses of this department are planned for two groups of students. First, suitable work is organized for those who are primarily interested in a cultural education, and who realize that only through the language of another people can one fully understand and appreciate their thought and life. Second, plans are made to meet the practical needs of those students who may desire to enter the professions, do graduate work, or come into business contact with our foreign speaking neighbors.

FRENCH

1a. **Elementary French.** Fundamentals of grammar and pronunciation, conversation and composition, easy reading, phonetics.

1b. Continuation of 1a.

20a. **Intermediate French.** Grammar review, conversation and composition, reading of suitable texts. Open also to students who have had two years of high school French. Required.

20b. Continuation of 20a. Required.

30a. **Survey of French Literature.** Readings and reports on representative authors and works from the beginning of French literature through the seventeenth century.

30b. Continuation of 30a.

40a. **Study of the Drama.** The drama of the seventeenth century, with lectures, readings and reports.

40b. Continuation of 40a. Conversation and Advanced Phonetics. A course in the fundamentals of French, which will afford helpful preparation for the prospective teacher of the language.

Required courses for a minor in French are: French 1a, 1b, 20a, 20b, 30a, 30b.

HISTORY AND SOCIAL SCIENCE

1. A sophomore course is not open to students below the rank of sophomores.
2. A junior-senior course is not open to students below the rank of juniors.
3. A senior who takes a freshman course will receive half credit for the course.
4. The student may meet the graduation requirement of ten hours in social science in one of the three following fields, economics, sociology or political science.
5. The student may meet the graduation requirement of ten hours in history by taking two consecutive quarters in any freshman-sophomore course open to him or two consecutive quarters in any junior-senior course in European history open to him.

Major in History. A major in history shall be not less than 40 hours, half of which shall be of junior-senior rank. To major in history a student must take History of Western Civilization, 10 hours, History of the United States, 1783 to the present, 10 hours, and the History of Modern Europe, 1800 to 1914, 10 hours. Credits in the Government of the United States will be accepted for a history major.

Minor in History. A minor in history shall be not less than 30 hours. To minor in history a student must take History of Western Civilization, 10 hours, and the History of the United States, 1783 to the present, 10 hours. Credits in the Government of the United States will be accepted for a history minor.

Minor in Social Science. A minor in social science shall be not less than 30 hours, 10 of which shall be of junior-senior rank. To minor in social science a student must take Introduction to Sociology, 10 hours, and Principles of Economics and Economic Problems, 10 hours.

HISTORY

1a. History of Western Civilization. An introductory survey of the political and cultural history from the decline of Rome to the close of the Thirty Years War. 5 hours.

1b. History of Western Civilization. A continuation of 1a from the Thirty Years to the present. 5 hours.

20a. History of England to 1603. A survey of the political and constitutional and cultural development with attention to the English background of United States history. 5 hours.

20b. History of England Since 1603. A continuation of 20a with emphasis on the growth of political and social democracy, the overseas expansion, and the British Empire in world politics. 5 hours.

21. **Colonial Hispanic America.** A survey of the Spanish and Portuguese colonial empires in America and of the movement for independence. 5 hours.

22. **The Hispanic American Republics.** A survey of the history of the states since independence and the relations of these states to the United States. 5 hours.

33. **History of the United States, 1783-1865.** A survey of the political and cultural development with emphasis on the struggle between the sectionalistic and nationalistic forces which culminated in the Civil War. 5 hours.

34. **History of the United States since 1865.** A survey of the political and cultural development with emphasis on the triumph of nationalism. 5 hours.

35. **History of Modern Europe, 1500-1815.** A survey of the Reformation, the Period of Colonial and Dynastic Rivalries, the Enlightenment, and the French Revolution. 5 hours.

36. **History of Modern Europe, 1815-1914.** A study of the political, economic, and social development from the fall of Napoleon to World War I. 5 hours.

37. **History of Modern Europe since 1914.** Stress will be placed on the domestic and international politics from the beginning of World War I to the end of World War II. 5 hours.

40. **The Thirteen English Colonies in America.** A study of the economic, social, and political beginnings and growth up to the Revolution. 5 hours.

41. **The Revolution, the Confederation, and the Framing of the Constitution.** An intensive study of the period from 1763 to 1789. 5 hours.

42. **Economic History of the United States.** (This course is also carried in the social science department.)

46. **History of the South.** A course tracing the economic, social, and political development of the South and appraising its influence on the nation. 5 hours.

48. **The Middle Ages.** The Roman world and the German migrations, Mohammedan and Carolingian expansion, feudalism, the medieval church, and the emergence of modern Europe. 5 hours.

SOCIAL SCIENCES

20a. **Introduction to Sociology.** The purpose of this course is to acquaint the student with the fundamental principles of social relations. 5 hours.

20b. **Introduction to Sociology.** A continuation of 20a. 5 hours.

21. **Principles of Economics.** A study of how wealth is produced and distributed in modern society. 5 hours.

22. **Economic Problems.** A study of salient financial, agricultural, business, and related problems. 5 hours. Prerequisite: Principles of Economics.

23. **The Government of the United States: the National Government.** 5 hours.

24. **The Government of the United States: the State and Local Government.** 5 hours.

30. **Rural Social Economics.** A study of social and economic problems in rural life. 5 hours.

33. **Population Problems.** An analysis of the population situation, national and international implications, and the efforts to solve the problem. 5 hours.

40. **Labor Problems.** An analysis of the position of labor in modern industrial society and the attitude of the public, management, and labor. 5 hours. Prerequisite: Principles of Economics.

42. **Economic History of the United States.** 5 hours.

SPANISH

1a. **Elementary Spanish.** Fundamentals of grammar and pronunciation, conversation and composition, easy reading.

1b. Continuation of 1a.

20a. **Intermediate Spanish.** Grammar review, conversation and composition, reading of suitable texts. Open also to students who have had two years of high school Spanish. Required.

20b. Continuation of 20a. Required.

30a. **Survey of Spanish Literature.** Lectures, readings, and reports on authors and works dating from the beginning of Spanish literature through the seventeenth century.

30b. Continuation of 30a.

40a. **Study of the Drama.** The drama of the seventeenth century, lectures, readings and reports.

40b. Continuation of 40a, also **Commercial Spanish.** Practice in conversation will be supplemented by study of the forms of correspondence and reading material related to the commercial and cultural life of Spanish-speaking countries.

Required courses for a minor in Spanish are: Spanish 1a, 1b, 20a, 20b, 30a, 30b.

GERMAN

1a. **Elementary German.** A study of pronunciation, basic vocabulary, common idioms, functional grammar, oral and written exercises, with special emphasis upon the development of the ability to read simple German.

1b. Continuation of 1a.

20a. **Intermediate German.** Especially designed for students who desire a reading knowledge of scientific or technical German. Includes a review of strong verbs and sentence arrangement; an introduction to the reading of scientific German in the fields of chemistry, physics, and biology. Open also to students who have had two years high school German. Required.

20b. Continuation of 20a. Required.

30a. **Survey of German Literature.** Lectures, readings, and reports on representative authors and works.

30b. Continuation of 30a.

40a. Emphasis will be placed upon the development of speed, accuracy and enjoyment of reading articles, newspapers, etc., in German.

40b. Continuation of 40a. A course in the fundamentals of German, review of grammar, pronunciation, etc., which will afford helpful preparation for the prospective teacher of the language.

Required courses for a minor in German are: German 1a, 1b, 20a, 20b, 30a, 30b.

LATIN

1a-1b. **The Essentials of Latin Grammar and Composition.** Reading of appropriate selections. 10 quarter hours.

20. **Advanced Latin Syntax.** Reading of Caesar's *De Bello Gallico*, Book V. 5 quarter hours. Prerequisites: Latin 1a-1b.

21a. **Survey of Cicero's Life and Works.** Reading of selected orations. 5 quarter hours. Prerequisites: Latin 1 or two units of High School Latin on approval of the Dean of the College.

21b. **Survey of Virgil's and Ovid's Life and Works.** Reading of selections from Virgil's *Eclogues* and Ovid's *Tristitis*. Prerequisites: Latin 1, 21a, or three years of High School Latin on approval of the Dean of the college.

30. **Latin Epic Poetry.** A survey course with reading of selections from Virgil's *Aeneid* including the whole of Book VI. 5 quarter hours. Prerequisites: Latin 20, 21, or four units of High School Latin on approval of the Dean of the College.

31. **Latin Lyric Poetry.** A survey course with reading of Horace's selected odes and a few of Catullus' and Tibullus' poems. 5 quarter hours. Prerequisites: Latin 20, 21, or four units of High School Latin on approval of the Dean of the College.

32. **Medieval Latin Literature.** A survey course with reading of passages especially from the works of St. Augustine, St. Anselm, St.

Bonaventure. 5 quarter hours. Prerequisites: Latin 1. From a philosophical and theological point of view, this course should prove useful especially to students majoring or minoring in Religion.

33. **The Roman Civilization.** Along with lectures, this course will include extensive reading in English translations of passages of Latin prose and poetry, bearing on the relationship between our present civilization and ancient Rome's. 5 quarter hours. No knowledge of Latin is required. It is open to all students of the college. Social Science students should feel particularly interested.

34. **The Roman Historians.** Special attention is given to Livy and Tacitus. Reading of chapters selected from *Ab Urbe Condita* and of *Germania*. 5 quarter hours. Prerequisites: Latin 30 or 31.

40. **Latin Drama.** Reading of selected plays of Plautus and Terentius, following a review of the characteristics of the Greek Drama as revealed in the plays of Aeschilus, Sophocles, Euripides and Aristophanes. 5 quarter hours. Prerequisites: Latin 34.

41. Reading of selections from Pliny, Juvenal and Martial, and Quintilian as Roman representatives of scientific, satiric, and critic writing respectively. 5 quarter hours. Prerequisites: Latin 34.

42. **General Linguistics.** A survey course with special reference to Latin, English, and the Romance Languages. 5 quarter hours. Prerequisites: Latin 1, 20. Students majoring or minoring in Latin, English, or a Romance Language are advised to take this course.

43. **Methods of teaching Latin in High Schools.** 5 quarter hours. Prerequisites: At least 25 quarter hours in Latin in accordance with the Dean's advice.

MATHEMATICS

These offerings in mathematics are made for the purpose of:

1. Supplying the prerequisites for work in engineering, medicine, and other professions.

2. Providing for those who wish to supplement their high school education in this field.

3. Meeting the requirements of the State Department for the accrediting of teachers of mathematics in the junior and senior high school.

4. Offering an opportunity to those interested in and wishing to pursue their studies in the field, either to attain a major therein or to qualify for graduate work.

A major in mathematics must include Mathematics 1, 3, 20, 22, 23, and three courses on the Senior college level.

A minor in the department of mathematics must include Mathematics 1, 3, 20, and 22.

O. **Remedial Mathematics: Algebra.** No Credit. (For students who offer no credit at entrance).

P. **Remedial Mathematics: Plane Geometry.** (This course, meeting five times a week extends through one quarter as one unit. For those students who offer no credit in Plane Geometry). No credit.

A. **Remedial Mathematics: Algebra.** (For students who offer one unit in this subject at entrance). This course treats the fundamental operations, special products and factoring, fractions, first degree equations, functional relations, systems of first degree equations, square root and quadratic surds, quadratic functions and equations. No credit.

B. **Solid Geometry.** This course deals with lines and planes in space; surfaces and volumes of polyhedrons, cylinders, cones, and spheres; the solution of numerous originals. No credit.

1. **College Algebra.** This course deals with equations involving quadratics, progressions, binomial theorem, theory of equations, determinants, and partial fractions. Prerequisite: two entrance units in algebra or Math A. 5 hrs.

3. **Plane Trigonometry.** In additions to trigonometric functions and equations, this course stresses the solution of the general triangle with the use of logarithms and vectors and hence is important to mathematics majors and to majors in the physical sciences. 5 hrs.

4. **Spherical Trigonometry.** This course includes the solution of the right spherical triangle, the solution of the oblique spherical triangle, and applications of spherical trigonometry. Prerequisite: Mathematics 2 and 3. Credit: 1 or 2 hours.

20. **Analytic Geometry.** This course includes the study of certain preliminary formulas, straight line, circle, conics, transformation and rotation of axes, polar equations, rectangular coordinates in space, and other systems of coordinates in space. Prerequisites: Math. 1 and 3.

22. **Differential Calculus.** This course comprises a study of derivatives; maxima and minima; differentials; polar coordinates, motion in a curve, curvature. Prerequisite: Math. 20.

23. **Integral Calculus.** This course consists of the definite integral; standard formulas for integration and some special devices for integration; geometric and physical applications of the definite integral. Prerequisite: Math. 22.

30. **Solid Analytic Geometry.** This course consists of coordinates and direction cosines, planes and straight lines in space, the shape of conicoid conicoids, transformation of coordinates, general equation of the second degree. Prerequisite: Math 20 and 22.

31. **Intermediate Calculus.** This course embraces partial differentiation, applications of partial derivatives; double and triple integrals; infinite series, Taylor's series and Taylor's formula with remainder.

40. **College Geometry.** The purpose of this course is to introduce the student to construction problems, geometric loci, indirect element construction, properties of the triangle, and nine-point circle, the theorems of Ceva and Memelaus, harmonic section, and cross-ratio.

42. **Theory of Equations.** The topics covered in this course are: Fundamental properties of polynomials, complex numbers, transformation and solution of equations, numerical equations, symmetric functions. Prerequisite: Math. 22.

43. **Differential Equations.** This course consists of the formation of differential equations, study of the methods employed in solutions of ordinary differential equations; applications to geometry, mechanics, and physics. Prerequisite: Math. 23.

PHYSICAL EDUCATION

The Physical Education department offers curricula to those professionally interested in the fields of Physical Education, Health, or Recreation. In addition, the purpose of the department is to give opportunity to each student to participate in wholesome activity which meets individual needs and inerests that will better his or her mental, moral, and social standards of living; to build and condition the body; and to develop personal and recreational skills for leisure time use.

The course of study leads to a bachelor of science degree in Physical Education.

The college requires:

1. Six hours of activity courses of each student, part of which must be a theory course. Special classes are arranged for those physically handicapped.
2. A Physical Education majors to carry a content major, and one minor.
3. All Physical Education majors and minors to take P.E. 11 and P.E. 12.
4. All Physical Education majors to take P.E. 25, P.E. 37, P.E. 43, P.E. 44, P.E. 47, P.E. 48.
11. **First Aid**..... 3 quar. hrs.
Lectures, demonstrations, and practice in first aid techniques. The first six weeks emphasis is placed on the study of the human anatomy. An American Red Cross certificate in First Aid is given upon completion of the course.

12. **Personal Hygiene (For girls)**.....2 quar. hrs.

Aims to improve the quality of human life with emphasis on mental and social aspects of health as well as physical. Intended for students of health, sociology, philosophy, and education.

13. **Personal Hygiene (For boys)**.....2 qr. hrs.

21. **Principles of Health Education**..... 3 quar. hrs.

Primary consideration given to individual, community, and racial health as affected by the responsibilities of the home, school, public health departments, and private enterprises.

25. **Plays and Games**..... 2 quar. hrs.

The philosophy of play, its nature and function; play activities and their use according to age groups, sex, and physical condition.

36. **Playground Administration and Community**

Recreation 2 quar hrs.

Study of administration, facilities, programs of playgrounds and community centers; the nature, scope, and procedure in community recreation.

Prerequisite: P.E. 25.

37. **Recreation in Rehabilitation** 2, 3, 5 quar. hrs.

A course in which the craft media may be adapted for use in recreation or rehabilitation. Includes textile designing, block print, tie dye, stencil, silk screen, needlework; simple weaving; paper mache; chip carving; knotting; finger painting; leather work; re-making and designing old furniture; book binding.

Open to Home Economics, Occupational and Physical Therapy students, or as an elective toward graduation. May not be substituted for one of the required activity courses.

42. **Administration and Supervision of Health**

Education 2 quar. hrs.

Expenses

Well-prepared, worthy students, who are well recommended, have many opportunities for securing a college education at Athens College, even though limited financially.

The following list of expenses represents the entire cost of a year except books. It is earnestly desired that the students shall not have too much spending money. They do not need it, and the possession of it militates against good collegiate work.

Checks and money orders should be made payable to Athens College and mailed direct to the President.

Application blanks and further information will be promptly sent if interested persons will address the President, Athens College, Athens, Alabama.

A deposit of \$10 is necessary for the reservation of a room, which amount will be credited on bill rendered at the beginning of the session. This will be refunded if reservation is canceled within thirty days. No refund will be made after August 15.

Any student registering at anytime other than date specified in Calendar for Registration is charged an extra \$2.50.

EXPENSES FOR BOARDING STUDENTS

The prices quoted are based on each quarter's expense being paid in advance. Industrial students are considered to be on monthly basis.

If a nine monthly payment plan is used, \$10.00 is added to the total amount. If longer than nine months is needed, parents must give a 6% interest bearing note for balance at the end of school year. The \$10.00 carriage charge must be paid with the first monthly payment.

Matriculation Fee must be included in first payment regardless of payment plan chosen.

The charges include board, room, tuition in any one department and general medical fee. (Sick and accident insurance for Industrial workers not included. This is computed on cost basis each year.)

TERMS

1. When two boarding pupils are entered from the same family, a discount of five per cent will be given on the total less fees *where scholarships or workships are not given.*

2. The charge for board is fixed for pupils in health. Therefore, if during sickness expenses for servant's attention, nursing, etc., are in excess of expenses as a regular boarder, a reasonable extra charge will be made.

3. Damage to furniture and all breakage will be charged to the one doing the damage. When this cannot be ascertained, the damage will be assessed against the occupants of the room.

4. All claims of the college must be settled before scholastic honors are conferred, or credits transferred.

5. Books, stationery, etc., are sold for *cash* only.

WITHDRAWALS AND REFUNDS

Since the College does not operate for profit and all contracts with teachers and officers and for general college expenses are made for the entire year, no reduction or refund of charges will be made for withdrawal from college except in case of protracted illness when unused board will be refunded. For the consideration of any refund, the date of withdrawal is the day the Bursar of the College is informed in writing of the request for the refund. No reduction will be made for failure to return after the Christmas or spring vacations.

ITEMS TO BE FURNISHED BY BOARDERS

Each room in Sanders Hall is furnished with single beds, mattresses, a bureau, a table, and chairs. Founders Hall has double beds in the smaller rooms, single beds in the larger rooms. One wishing to be as economical as possible may have a double bed.

Most of the beds in the boys' dormitories are double-decker single beds. Pupils and teachers should bring with them sheets, blankets, and counterpanes, pillows and pillowcases, table napkins and napkin rings, towels, laundry bags, a glass tumbler, a knife, fork and spoon for use in bedroom. Window curtains, pictures, and any other items for use as ornaments should also be brought from home.

THE SELF-HELP PROGRAM

The College owns and operates several industries in which students may earn all or any part of their actual college expenses, such as, board, room tuition and laboratory fees. For these expenses, a student works on a shift of four hours a day, six days a week, and fifty weeks a year. A student, who remains the entire four years, is guaranteed her entire college expenses, if she has put in the required hours. Students must sign up for at least two years before they will be accepted in this program, as the first year no student can produce sufficient to pay back to the college what the college actually pays out on her. Should a student have to withdraw before the end of the fourth year, she must be responsible for any balance owed to the college, should there be one. The work is not heavy and is carried on in an air-conditioned building. As many as 250 students are provided employment. For further information write Dr. E. R. Naylor, President, Athens College, Athens, Ala.
